Germs
A booklet about germs!

Included in this file are 2 versions of the Germ booklet. One is in color and the other is black and white.

Instructions:
Have the students cut out and staple the booklet.

The booklets can be used in:
A center
Small group reading
Whole group lesson
...however you see fit! You know the needs of your students best.

Germs
By: Donna Roberts

What are germs?
Germs are little creatures. They are too small to be seen.

Are germs bad?
Germs can make you sick!
So...germs are bad!

Where are germs?
Germs are everywhere!
They are on things you touch.
They can be in the air too!
How do I get rid of germs?
Wash your hands.
Wash your hands!
Wash your hands!!!
Use Soap!

How long should I wash my hands?
Sing the “ABC” song in your head while washing your hands. This should be long enough to kill the germs.

Does “hand sanitizer” kill germs?
Yes! Use it when you can’t wash your hands.

Answer the questions by circling Yes or No:
1. Can you see germs?
   Yes or No
2. Can germs make you sick?
   Yes or No
3. Can germs be killed?
   Yes or No
